ABOUT US

QIQ Education and Consultancy is a prominent representative of higher education institutions based in the United Kingdom, with numerous branches worldwide. We recognize the need for international students to receive professional guidance and rely on a trustworthy organization for their university admissions. To meet this need, we organize the UK Education Fair, Education Expo, open days, and seminars for every intake. Our primary philosophy is to create opportunities for students to connect directly with university representatives, enabling them to secure their desired courses. Additionally, we offer complimentary educational consultancy services to students in the UK, ensuring they receive the support they need for a successful academic journey.

*QIQ

5

MISSION & VISION

Our mission at QIQ Education and Consultancy is to empower international students by providing comprehensive guidance and support throughout their higher education journey. We aim to facilitate seamless university admissions by connecting students with reputable institutions and offering expert consultancy services. Our goal is to create an inclusive and supportive environment that provides academic excellence and personal growth.

Our vision is to be the leading global education consultancy firm, renowned for our commitment to student success and excellence in service. We aspire to bridge the gap between students and higher education institutions worldwide, ensuring that every student has the opportunity to achieve their academic and career aspirations. In alignment with the United Nations' Sustainable Development Goal (SDG) for education, we are dedicated to promoting inclusive and equitable quality education and lifelong learning opportunities for all. Through innovation, dedication, and a student-centred approach, we envision a future where educational opportunities are accessible to all, offering a generation of globally-minded and successful individuals.

OUR VALUE

*QIQ
Education*

At QIQ Education and Consultancy, our values are the foundation of our commitment to excellence and integrity in serving our students and partners. Remember these values with C.A.R.E.E.R that guide our actions and shape our culture:

- 1** Commitment to Quality Education: We support the United Nations' SDG 4, promoting inclusive and equitable education for all, ensuring every student receives the best possible guidance.
- 2** Accountability and Integrity: We uphold the highest standards of honesty and transparency, ensuring our processes and communications are clear and trustworthy.
- 3** Respect for Diversity: We embrace a global perspective, understanding and valuing the unique cultural backgrounds and challenges faced by international students.
- 4** Excellence in Service: We continually improve our offerings to provide top-quality support, helping students achieve their educational and career goals.
- 5** Engagement and Collaboration: We build strong, collaborative relationships with educational institutions and industry partners to create opportunities and resources for our students.
- 6** Responsive and Innovative: We stay at the forefront of educational trends and technologies, adapting our services to meet the ever-changing needs of the global education landscape.

By adhering to the CAREER values, we create a supportive environment that enables our students to thrive.

CEO'S MESSAGE

Since our establishment in 2015, QIQ Education Groups has assisted significant quality of students in gaining admission to many highly ranked institutions in the UK and other developed countries worldwide. For any international student, studying in developed countries is a life-transforming experience. World-renowned universities provide students with the opportunity to develop lifelong skills and gain expertise and experience that support their career aspirations. We are committed to offering an honest, transparent, and high-quality service to potential international students, enabling their talent and future. I speak with conviction as this resonates deeply with my versatile calibrate in higher education qualifications and corporate experience in the UK.

SMZ Gazi
CEO

I possess exceptional talent in providing creative and effective educational service continuity, expertly interface with management, stakeholders, and people of diverse sociocultural backgrounds. I have worked in various corporate and public sectors within the UK, which has given me enough strength and confidence to be an entrepreneur to set up my establishment, that's QIQ Groups as shaped QIQ Education vision and Moto "We are Transforming you through quantum Excellence" in understanding the needs of potential students for their higher education. We believe in the uniqueness of every student, acknowledging their diverse academic, cultural, and social backgrounds, and the value they bring to esteemed institutions. I am excited about our progress and our next phase of growth and expansion. As part of this vision, we aim to broaden our network of university partners. It would be an honour for us to be affiliated with your esteemed institution. I am passionate about the potential of transnational education in developed countries and its ability to transform lives. We would be honoured to establish a mutually beneficial relationship with your esteemed institution, contributing to your internationalization agenda. In return, we will diligently work to support your strategic goals of enhancing your international profile by recruiting from diverse international communities, thereby further enriching your established success and reputation.

I hope to establish an effective working partnership at your earliest convenience to build our future together!

EXECUTIVE DIRECTOR'S MESSAGE

My name is Rehana Ali, and I am the Executive Director of QIQ Education Consultancy Groups. I am excited to strike a working relationship and bring world class education to students from different continents especially the Sub-continent. I believe my passion to share knowledge, belief in higher education and its potency to transform lives of students from Pakistan, Kashmir and south Asia has kept me engaged and involved in the education sector for more than a decade.

I experienced international education has the ability to bring wide range of individuals from diverse backgrounds with differing opinions together in a university classroom has never been more important than today's current international climate.

This motivates and encourages me to push the internationalisation of higher education agenda both in my professional and personal life. Furthermore, my organization is committed to offering an honest, transparent, and high-quality service to potential international students, enabling their prosperity. I speak with conviction as this resonates deeply with my own higher education experience in the UK. I confirm, we believe in the uniqueness of every student, acknowledging their diverse academic, cultural, and social backgrounds, and the value they bring to esteemed institutions.

You can trust our tailored service is crafted to meet individual requirements, emphasising compassion, active listening, and expertise to see our students do their best in life with their best decision to trust our organization.

—Nelson Mandela

WE ARE TRANSFORMING YOU THROUGH QUANTUM EXCELLENCE

OUR TERMS & CONDITIONS

1

The admission process in the Universities is very simple with the students requiring an online application form to be filled in along with the documents to be furnished.

2

As soon as the University receives the application form of the students, the university issues a conditional offer letter in a week. The students have to pay an initial amount of the University fees in the bank account of the University thus kick starting the admission procedure.

3

After 25 to 30 days, the Students get the Accreditation Letter from Ministry of Education, upon which the University gets a Ministry Order and issues an invitation letter to the Students.

4

Upon getting the procedure completed, the visa approval takes around 30 days, after which the student has to pay the left behind first year fees for the first year of the course.

5

As soon as the fees get cleared, the process of the departure gets completed and here arrive the Students.

EDUCATION**

TESTIMONIALS

WHAT DOES OUR STUDENT SAY?

I enrolled for counselling sessions at QIQ Education Consultancy at the Chattogram branch in Bangladesh. I intended to pursue Bachelor's in Computer Science from the UK. It is with great pleasure I say that I am extremely satisfied with how the staff guided me through the entire procedure, most important of it all, in exam preparations. It was a pleasure to be their student and continue to recommend my friends to seek guidance from QIQ Education Consultancy.

I would like to take a moment to express my sincere appreciation and thank QIQ for its assistance for making this process of studying abroad very easy and manageable. She was always there to support me when I panicked. It gave me its precious time which led me to this beautiful country UK for the course I wanted to pursue since a very long time. Overall, my experience with QIQ Team was very nice.

The counsellors at QIQ Education Consultancy helped me find the desired course when I was very confused about which course would suit my aptitude and goals. In particular, QIQ made me very comfortable and I could talk easily about my dreams. It profiled me and suggested colleges and universities according to my need and budget. The whole time it kept me motivated as I would lose hope sometimes. I'm now studying in UK. Even today I just cannot believe the change here myself and how my career has taken a shape. Thanks to the whole QIQ Education Consultancy team."

I came to QIQ Education Consultancy with a dream and I can say that they didn't let me down. I met the counselling team. They were full of positive energy and inspired confidence in me. They guided me wherever I required help regarding different things. I would like to thank all team members who took care of things for me. Thank you all for your support. Thank you to the whole team of QIQ Education Consultancy for making my dream come true! Great job. Love you all!

Career Opportunities

Studying abroad is rarely cheap. Even if you've got a scholarship, a job on the side can help you live a little more comfortably during your degree. Luckily, there are lots of jobs for international students in the UK. You just need to know where to find them.

Once you arrive, you'll be able to do the traditional resumé drop-offs and ask about opportunities in the store. But you don't have to wait until then to start your hunt. Jumping online and applying in advance is the best method for getting a job in the UK for international students. It's also nice to know that you've got a casual or part-time position waiting for you.

This quick guide discusses a variety of jobs in the UK for international applicants including:

- **Part-time jobs** in the UK for international students
- **Summer jobs** in the UK for international students
- **Graduate jobs** for international students in the UK

Part-time jobs in the UK for international students

If you've got strong time-management and organization skills, working a part-time job while you study can be an effective way to earn an income. On an international student visa (Student route visa), you're able to work up to 20 hours per week during the term.

Summer jobs in the UK for international students

Prefer to focus all your time and energy on your studies? That's alright – a casual job during semester breaks might be a good alternative for you. A student visa allows you to work full-time during vacation periods. Most of the part-time jobs listed above are also great options for working during your time off. You may also find an opportunity over summer to work

Graduate Jobs in the UK for International Students

As your final exam and graduation approach, you'll naturally start thinking about your first job after university. The immigration program will allow you to transition from a student visa to a working visa if you secure a position that meets the relevant salary and time criteria. This is where your university's career center will really come in handy, so make sure you've made appointments with them well ahead of your last class. They can help you find and apply for expected jobs for international graduates.

Thank you
